

BRAND GUIDELINES

HOW WE LOOK

This guide provides the tools to maintain the integrity of our brands. Correct and consistent use of our brands is essential to our reputation. Use this guide to create marketing, promotional, and publicity materials, both in print and digitally. This document is not intended to cover all situations. Please consult with the Portrait Displays Marketing Department for clarification and approval in the use of any of our identities.

PORTRAIT DISPLAYS

Portrait Displays® is the company name. Note that “Displays” is plural. If it is possessive, the apostrophe goes after the last “s”, e.g., Portrait Displays’. The formal name of the company is Portrait Displays, Inc.

Portrait Displays is a registered trademark of Portrait Displays, Inc.

Calman is a registered trademark of Portrait Displays, Inc.

OUR BRANDS

Display device is verified by Portrait Displays to produce accurate color right out of the box for immediate consumer content creation.

Calman calibration software seamlessly communicates to display devices and uploads calibration adjustments to the display automatically.

Allows display device to self-calibrate utilizing Calman's calibration engine built directly into the device.

Preferred use.

When printing a single color.

PORTRAIT DISPLAYS

01 Space around the logo

Always leave the logo some space to breathe. Try to use white or neutral backgrounds.

02 If you have to...

If it's unavoidable to sit the logo on a color or a photo, use the negative logo.

03 Not right

Do not rotate the logo.

04 Color clash

Do not place the logo on the wrong colors.

05 Not good

Do not use the negative logo on backgrounds that are too light or cluttered.

06 Don't

Do not add embellishments like drop-shadows, embossings, 3D etc. to the logo.

PORTRAIT DISPLAYS

The tag line, “Driven by color. Backed by science.” should appear below the Portrait Displays logo in Open Sans Regular Italic. The logo and tag line combined, are available as a single image to assure consistent use.

TAG LINE

Driven by color. Backed by science.

PORTRAIT DISPLAYS

The minimum exclusion zone margin is based on the dimensions of logo graphic. A clear-space of one x-height must be maintained on all sides.

On all sides, the exclusion zone should be measured from the farthest edge of the logo. No element, other than our tag line, may encroach on this space.

EXCLUSION ZONES

PORTRAIT DISPLAYS

The Portrait Displays logo must not be reproduced at a size smaller than 15mm in height.

The Calman brand must not be reproduced at a size smaller than 10mm in height.

The Calman integrated solution brands must not be reproduced at a size smaller than 15mm in height.

PORTRAIT DISPLAYS

Our corporate typeface is Open Sans. This full font family comes in a range of weights to suit a multitude of purposes. It is optimized for print, web, and mobile interfaces, and has excellent legibility characteristics in its letterforms. The default fall-back corporate font is Arial which should be utilized to ensure acceptable degradation when Open Sans is unavailable.
